

**5.3.2 - Institution facilitates students' representation and engagement in various administrative, co-curricular and extracurricular activities (student council/ student's representation on various bodies as per established processes and norms)**

Institute promotes representation of students on academic and administrative bodies. An active student council comprises of members to monitor academic, cultural, sports, literary events, Anti-Ragging and gender sensitization programmes, NSS activities. College Student Council members along with committee members take active role in conducting college Annual Social Gathering, Subject Societies and national festivals.

Each committee consists of a chairperson as a principal, a faculty as Coordinator, two to three faculties as members and a Class Representative as a secretary and two to three Class-Representatives as members. The student secretary and the student members of all the committees help the chairperson organize various events and competitions and also actively participate in the activities.

All the sports activities are carried out successfully with the help of the student members of the Committee. They help arrange the inter-class sports events such as cricket, volley ball, chess, carom, tennis, badminton etc. They also encourage and help students take part into inter-college sports competitions.

The student members will organize the inter-class co-curricular activities such as essay-writing, elocution, poster-making competitions etc. They inform students of the inter-college debate or elocution competitions and also extend help to those who are interested.
