Strategy Development and Deployment

6.2.1 The functioning of the institutional bodies is effective and efficient as visible from policies, administrative setup, appointment and service rules, procedures, deployment of institutional Strategic/ perspective/development plan etc

Response:

One of the objectives of college is to impart quality education to students and to equip them with employable skills. The college develops various strategies for achieving the vision and mission of the college, enriching the teaching-learning process, and Industry Institution Interface. One such strategic plansstrengthening Industry Interaction Interface (III).

The goal of the institution is to produce skilled and competent professionals through quality technical education and to prepare them for immediate employment. Industries engross these knowledgeable professionals and enhance their production capabilities by contributing to the latest technologies. To produce proficient graduates ready for the industry, the college always strives to improve industry-institute relations. Eminent personalities from industries are regularly invited to the campus to enrich the students. In order to build a good and vibrant industry institute interaction and to promote education and entrepreneurship, the college has entered into a Memorandum of Understanding (MoU) with various government and non-governmental organizations.

The given under are MoUs between the college and the organizations:

- A Memorandum of Understanding (MoU) with CSR Box has been signed through which students take up internships. Every year B.Tech students visit CSR Box in India which serves as a knowledge bank and providing recruiting to the Students.
- The college also has entered into a MoU with Mech Turbo Visakhapatnam-based Software Company with the aim of providing internships to the students.
- A MoU with the Coding Ninjas was entered into by the institute to provide training program of with the Coding Ninjas as a part of projects at the end of the final year or internships.
- The college has entered into a MoU with Future Smart Innovations Pvt.Ltd for conducting extension programs, and it is provided Skill Development, Certified Courses, Outcome Based Trainings, Placement and Related Services.
- There is another important MoU with ROBOCOUPLER TECHNO SOLUTIONS Pvt. Ltd, a Visakhapatnam-based company. The prime objective of the MoU is to provide high Technology training solutions for individuals and corporate in a cost effective manner to the all students.
